CRYSTAL CLARITY

The hardest part of manifesting is figuring out your intentions. Ask yourself this: what do I REALLY want happen right now? List three things from any area of your life:
TAROT CARD READING

You can use this spread to clarify intentions. Take a moment to go within. Shuffle your deck. Choose a card for each of the spaces in the layout. Use the card set booklet + your intuition to gain insight:

CURRENTLY MANIFESTING

Sacred geometry + crystals amplify your energy. Write your main intention in the center of the crystal grid. Color the crystals to match the ones you’ve chosen to work with. You can also place REAL stones over the ones on this page + use it as a template. Place this grid on your altar or where you can see it often. It will remind you of your intentions + keep you focused throughout the rest of the moon cycle.
